

- No Petroleum Distillates
- Safe & Effective
- Economical
- Eliminates Need For Diesel Wash
- Biodegradable

**Asphalt Release+ is a concentrated, water-based release agent. This product is designed as a spray-on pretreatment for trucks and other equipment used to handle asphalt. It prevents adhesion and allows for easy removal of asphalt from truck beds, equipment, and machinery. This product is much more economical and environment-friendly than fuels or solvents.**

Applications & Uses	Dilutions	Directions
Pretreatment for Asphalt Trucks, Machinery, & Equipment	12:1 to 30:1	Dilute product and apply by spraying or brushing onto the surface in a single layer. Reapply as necessary. This product works superb with foaming systems.
