

- Superior Cleaning
- Cleans All Vehicle Surfaces
- Free Rinsing
- Does not require brushes
- Biodegradable
- High alkalinity equals high dilutions

Typhoon Ultra is a higher concentrated version of regular Typhoon, blended with cleaning agents designed for brushless wash systems to provide superior cleaning of vehicle surfaces. Its medium foaming formula quickly, easily, and effectively removes exhaust deposits, road film, general soils, and residues from painted, aluminum, and stainless vehicle surfaces. This is the preferred product for pressure wash and drive-thru systems, or manual washing.

Applications & Uses	Dilutions	Directions
Brushless Tunnel Unit Washing Systems	32:1 128:1	For maximum results, dilute and apply product with water heated between 120°-140°F. For demanding cleaning dilute 32:1. For regular maintenance cleaning, dilute up to 128:1. Dilute product and operate machinery according to the manufacturer's directions for use.
Pressure Wash Cleaning	32:1 128:1	For maximum results, dilute and apply product with water heated between 120°-140°F. For initial cleaning, dilute product 32:1. For regular maintenance cleaning, dilute product up to 128:1. Dilute product, apply by spraying onto surface, allow 3 minutes contact time, brush if necessary, and high-pressure rinse clean, (a high-pressure/hot water spray is preferred). Apply product working from the bottom upward to avoid streaking.
Manual Washing	128:1	Dilute product, apply to surface with brush or mop, allow 3 minutes contact time, brush soiled areas, high-pressure rinse clean with water.

Suggested Industry Applications:

- | | | |
|------------------------|---------------------|------------------|
| Aeronautical | Detail Facilities | Marine |
| Automotive Dealerships | Farming Equipment | Rail |
| Carwash Facilities | Fleet Operations | Shipping |
| Construction Equipment | Highway Maintenance | Waste Management |

Specifications:

- | | |
|------------|----------------------|
| Appearance | Yellow, liquid |
| Odor | None |
| pH | > 12.5 (concentrate) |
| Flashpoint | None |
| %VOC | < 10% |
| DOT Label | Corrosive |

General Cautions For Use:

As with all cleaning agents, keep this product out of the reach of children.
As with most cleaning agents, this product should not be allowed to dry on surfaces.
Dilutions are recommendations only, as you become familiar with the product's performance, adjust accordingly.

Container Sizes:

- 5 Gallon Pail
- 55 Gallon Drum
